

Steps for Logging into Campus Community School's Schoology Site

Step 1:

The preferred browser for logging into Schoology is Firefox or Chrome.

Step 2:

Use the URL: ccs.schoology.com to begin logging in. This takes you to a google sign-in page. DO NOT enter a gmail. Follow the directions in step 3!

Tip: Bookmark this page since it will be a frequently used page. You can also access the Schoology link from our website (campuscommunityschool.com). It is located on the right hand side of the home page, about half way down. This will bring you to a google sign-in page.

Step 3:

In your most recent packet, you should have received a paper that had your child's log-in information for Schoology. Type in your child's school email address (firstname.lastname@campuscommunityschool.com) and then click Next.

Step 4:

Type in your child's password that we provided on the same paper (note – This is your child's student ID). It is important that the CCS part of the password is typed using capital letters. It is also important to include the exclamation mark. Click Next.

Step 5:

This will bring you to your child's Schoology page. If it gives you a message about "page not found", just click Courses and it will refresh.

If you have any questions, feel free to reach out to me.
